

# STAMPARATUS™

— THE BEST STAMP PLACEMENT TOOL ON THE MARKET —

Why do you need a Stamparatus? This great tool helps anyone get crisp, clean stamped images; plus, you can make multiple projects in minutes—with an accuracy and consistency that makes stamping easier than ever before.

**\$49.00 USD**

Compatible with red rubber and photopolymer stamps

Easily create 2-step, 3-step, and 4-step stamped images using reversible plates

Two open sides so you can use larger paper

Make fewer mistakes, saving time and money

If you want a darker impression, apply more ink—no need to start over

Fall in love with stamping all over again!
