

Say "I love you" with a special pull tab flip card. I created this card with pieces from the January 2023 "Key to my heart" Paper Pumpkin kit and the coordinating Heart Boxes. More alternates coming. There are 2 videos on my blog sharing how to make this in addition to the instructions below.

MEASUREMENTS

- Petal Pink Cardbase: 8-1/2" x 5-1/2" scored in half
- Pearlescent Specialty paper: (2) 5-1/4" x 4"
- Pearlescent Pull Strip: 6-1/2" x 2-1/4"
- Petal Pink Pull Strip: 6-1/2" x 2-1/4"
- Gold Foil: 1-5/8" x 1-5/8"
- Petal Pink: 2nd smallest square Or 1-1/2" x 1-1/2"
- Vellum: 2-1/4" x 1" (or use piece from kit)
- Scrap from Pink card base in the kit for the small heart

INSTRUCTIONS

- Stamp with words in Verasmark on Vellum strip & Pink square, pour Gold emboss powder and heat.
- Attach the Pearlescent pull strip to pink strip with Seal Adhesive.
- Score the pull strip at 2" & 2-1/4"
- Insert in half of the Label Me Lovely punch and punch the decorative end.
- Punch ribbon hole with Trio punch.
- Using the small rectangle from the Cracker Box die in the center of the front Pearlescent panel.
- Attach Foam Strips to the back of the front Pearlescent panel. Don't put the foam where the pull strip will be. (See video)
- Attach STRONG adhesive on the edge of the heart and attach to the binding edge** of the pull strip and on the back of the strip that will attach to the card.
- Slide long end of the pull strip in rectangle box die cut and attach.
- Attach ribbon, squares and champagne rhinestones.

TIP: You will need to use a strong adhesive as only a small part of the heart attaches to the pull mechanism. If you find it's not enough you can attach the heart with a brad to keep it more secure. I've added brads to the supply list for this.
