

BUMBLES THE ABOMINABLE SNOWMAN

CUTS

- Balmy Blue Card Base" 7-3/4" x 5-1/2"
 - score at 2-1/4" & 6-1/2"
- Basic White: (2) 5-1/4" x 4"

INSTRUCTIONS

- Apply Shimmer White Embossing Paste over the entire top white layer and allow to dry.
- Using the Stampin' Cut & Emboss Machine:
 - Line the Frozen Edges Icicle Edgelit approx 1-1/2" from the bottom and cut. I had to run it back and forth a few times to cut all the way through.
 - Cut the circles for the eyes from the Stylish Shapes.
 - I used a 1/2" circle punch for the black, any small circle die will work.
- Optional: Stamp the inside.

NOTES

- I made 2 versions of this card. The original I did with just plain Basic White cardstock but I felt like he need a little something special. So I created another version with the Shimmer Paste and Voila! an abominable snowman is born.
- I'll link my Embossing Paster techniques video on this blog post to help if you are new to using it.
